

Authentic Ink City of Angels Schickfont

**Design:**

Florian Schick

Publication Date:

November 2008

Basic info:

»Authentic Ink« is a opentypefont which represents the lifestyle of an urban tattoo- and streetculture. Tattoo- and letteringstyle from east L. A., as well as graffiti and street art, were influential for the development of this font.

»Authentic Ink« is based on an old fracture font, of which certain parts were altered and updated in order to get a unique urban typeface. This font contains ligatures, 3 stylistic sets with alternates, swashes, ornaments and icons.
